

LEADING ENABLING TECHNOLOGIES
FOR SOCIETAL CHALLENGES

2014 Italian
Presidency of the Council
of the European Union

Press Release

Can 992 M€ lead Europe to a new Renaissance in 7 years?

Date: June 25, 2014

The National Research Council of Italy (CNR), the Agency for the Promotion of European Research (APRE) and the Consortium for Innovation and Technology Transfer in Emilia-Romagna (Aster) are pleased to announce the international conference:

LET'S 2014

Leading Enabling Technologies for Societal Challenges

Bologna, September 29th – October 1st 2014

LET'S 2014 is a major event organised in the context of the Italian Presidency of the Council of the European Union, focusing on the role that **Key Enabling Technologies** have in facing the **European Societal Challenges** and leading Europe to a new Renaissance.

LET'S 2014 will focus on the perspective of **nanotechnologies, advanced materials, advanced manufacturing, processing and biotechnology** (NMPB) and will point out how the industrial system should be able to develop the industry's ability to integrate - through a systemic approach - creativity, culture, knowledge and competitiveness.

How will the NMPB programme – with a budget of **992 M€** for 7 years¹ - contribute to improving the European citizens' quality of life, feeding the European economy and leading Europe to a **new Renaissance**?

In 3 days LET'S 2014 proposes sessions with 130 International Speakers, Networking events, Matchmaking meetings, Exhibits, Visits to world class companies:

AGRIBOLOGNA - FRESCO SENSO | AUTOMOBILI LAMBORGHINI | BARILLA | B.BRAUN AVITUM ITALY | CENTRE FOR REGENERATIVE
MEDICINE "STEFANO FERRARI" | DUCATI MOTOR HOLDING | G.D | IMA | SCM GROUP | TECHNOGYM | TETRA PAK.

¹ The event is supported by the European Commission's programme for research & Innovation Horizon 2020, which allocates € 992.20 million to the research programme on nanotechnologies, advanced materials, advanced manufacturing, processing and biotechnology (NMPB) for the period 20014-2020.
